mystery science

Lesson: “How could you walk barefoot across hot pavement without burning your feet?”

VIDEO TRANSCRIPT

INTRODUCTION VIDEO

Hi, it's Doug! Today, you're going to read a story, but this isn't just a story. It's a story about asking questions and learning how to figure out the answers. This story is about a girl named Keya, who has a problem. It's a hot summer day, and she's sitting by the pool when she hears the ice cream truck coming. Now, that doesn't sound like a problem, until you find out there's a special reason that she can't get to the ice cream truck. You'll read about Keya’s problem and help her figure out how to solve it. As you read, you'll also get up and move, look for clues, and talk about your ideas. Let's turn the page and get started.
