Lesson: “How do animals make their homes in the forest?”

VIDEO TRANSCRIPT

INTRODUCTION VIDEO

Hi, it's Doug! Today, you're going to read a story about someone named Desiree. She lives in a house surrounded by trees. Some of those trees have holes in them, and she wonders what animals live there. You're going to read about what Desiree figures out by watching the animals in the forest and the holes in the trees. But you aren't just going to read. Sometimes you'll get up and do something, look for clues, or stop to talk about your ideas. Let's turn the page and get started.
