

Hi there,

You can use this slide deck
to host a 30-minute training
session for teachers.

Just complete **2 quick steps**
before the session.

Before the training

1. Get your school's **join link** to share with teachers.

What is a join link? This custom link allows teachers to instantly join your school's Mystery Science account.

Don't have the link? No problem! Ask your administrator for your school or district's join link, or simply head over to mysteryscience.com to make an account.

Before the training

1. Get your school's join link to share with teachers.

2. **Email your colleagues** to invite them to the training session.

*See the next slide for an email
template you can copy, paste & adapt!*

Email template

Hi fellow teachers,

I'll be sharing why I use Mystery Science at our upcoming meeting on **[INSERT DATE/TIME/LOCATION]**. I'd love to help you get started with this easy, engaging resource!

Before the training, please join our school's Mystery Science account by clicking on this link: **[INSERT THE JOIN LINK]**.

Please bring your laptop to the meeting so we can get you set up and ready to teach!

You're all set!

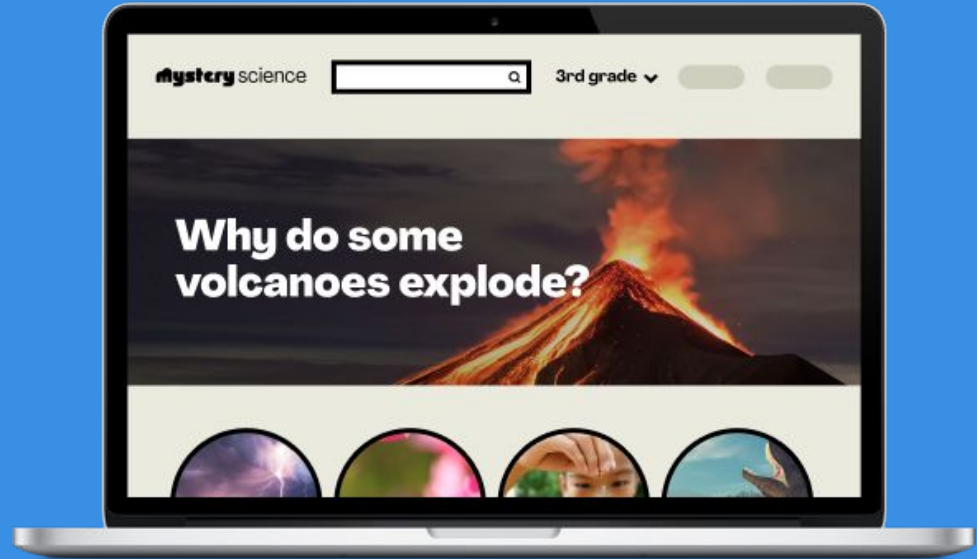

The next slide is the start of
the training presentation.

Share your screen and
have fun!

An introduction to

Mystery Science

Agenda

1. What is Mystery Science?
2. How can I get started?
3. What are some quick tips?
4. Ready to explore on your own?

What is Mystery Science?

Open-and-go lessons that inspire kids to love science

Lesson 1

Animal Life Cycles

3rd • How is your life like an alligator's life?

★ NEW!
Lesson + Activity
Standards Aligned

Lesson 2

Environmental Change & Engineering

3rd • What's the best way to get rid of mosquitoes?

Lesson + Activity
Standards Aligned

Lesson 3

Plant Life Cycles

3rd • Why are there so many different kinds of flowers?

★ NEW!
Lesson + Activity
Standards Aligned

Lessons

- Take 45-60 min to teach
- Video exploration & discussion
- Hands-on activities with step-by-step video instructions
- Simple supplies for easy prep

Activity Prep

[Print Prep](#)

In this lesson, students explore the idea that the rock under our feet sometimes contains fossils, and investigate how these fossils reveal changes in habitat through time. In the activity, Fossil Dig, students use paper to create a model fossil dig. They identify traits of fossils to determine what the habitat looked like when these organisms were alive. Then they use this information to figure out where some Mystery Fossils belong in their fossil dig.

Science features...**

Spanish Resources

- Spanish narration for every lesson
- Spanish versions of printable and digital worksheets & assessments
- Spanish transcripts of each lesson

Vocabulary Resources

- Visual slideshows with images and videos pulled directly from the lesson
- Teacher printouts with terms and definitions
- Available in English and Spanish!

predator

an animal that hunts and eats other

prey

an animal that is hunted by and eaten by another animal

carnivore

an animal that eats only other animals

herbivore

an animal that only eats plants

predator

an animal that hunts and eats other animals

Anchor Layer

- Adds 2 lessons to each unit
- 60–90 minutes per lesson
- Starts with an Anchor Phenomenon
- Project-based performance task

Anchor Layer Add:

- 1 Anchor Phenomena
- 8 Anchor Connections
- 1 Performance Task

Mystery Packs

- Supply kits for Mystery Science hands-on activities
- Neatly organized by unit & lesson – save time on prep!
- Learn more about packs here: <https://mysteryscience.com/packs>

**Ready to
explore on your
own?**

Let's wrap up with a scavenger hunt!

See if you can...

- ☐ Change your **grade level** on the homepage (hint: top of the page)
- ☐ Find a **Mini-lesson**
- ☐ Find the **Student Link** for sharing a mini-lesson with students
- ☐ Find a **Science Unit**
- ☐ Find the **Standards** covered in that unit (hint: scroll down!)
- ☐ Turn the **Anchor Layer** on and off for that unit
- ☐ Find a **Science Lesson** within the unit
- ☐ Change the **narration to Spanish** on the lesson video
- ☐ Find the **Supply list** and **Prep Instructions** for that lesson
- ☐ Change **the number of students** in the supply list
- ☐ Find the **Assessment** for the lesson
- ☐ Find the **English and Spanish versions** of a worksheet or printout

**Great work and thanks for
joining!**
