mystery science

Lesson: “How do boats find their way in the fog?”

VIDEO TRANSCRIPT

INTRODUCTION VIDEO

Hi, it's Doug! Today, you're going to read a story, but this isn't just a story. It's a story about asking questions and learning how to figure out the answers. This story is about Gabrielle, who goes for a boat ride with her aunt. She finds out that there are boats going everywhere. How do they know where they're going? How do they keep from crashing into one another? You're going to read about Gabrielle's adventure. As you read, you'll also get up and move, look for clues, and talk about your ideas. Let's turn the page and get started.
