

## Lesson: Can you build a chain reaction machine?

---

<b>chain reaction machine</b>	a machine that uses a series of energy transfers, such as one domino knocking over a line of dominoes
<b>energy</b>	the ability to do an action
<b>energy transfer</b>	when energy travels from one place to another
<b>engineer</b>	a person who uses science to come up with solutions to problems
<b>experiment</b>	a test used to discover new information about a question
<b>stored energy</b>	energy that is not in use, but is saved inside something, such as batteries or rubber bands
