

MYSTERY
science
at home

We're here to help.

We know school closures and distance learning pose new challenges for teachers, students and families.

Mystery Science is a great tool for remote teaching, and we now have a **Google Classroom integration** and **new extension activities** designed for students at home.

Have fun & stay curious!

Mystery Science + Distance Learning

Shareable, no-login lessons

Share videos directly with students
—no student accounts necessary

Built-in narration by a master teacher

Engaging video lessons and activities led by Doug, our expert Science teacher

Assignable on Google Classroom

Digital handouts, assessments, at-home extension activities—all at your fingertips and ready to assign

Mini-lessons are easy for students at home

- Short video lessons that answer real kids' questions
- Discussion questions to encourage reflection
- **NEW!** Extension questions and bonus activities
- **NEW!** Google Classroom integration

Hands-on lessons when students are ready for more

- Full, standards-aligned lessons + hands-on activities
- **NEW!** Digital assessments that collect student responses
- **NEW!** Digital handouts that students can fill in — no printing required
- **NEW!** Google Classroom integration

Ready to get started?

Here's how:

1. Choose a lesson.
2. Select **Google Classroom** or **Student Link**.
3. Assign lesson to students.

Go find a lesson:

Want a visual walkthrough of how to assign a lesson? See our **[Distance Learning How-to Guide](#)**.

Distance Learning How-To Guide

HOW TO ASSIGN

Mini-Lesson Videos

Click the **Google Classroom** button to quickly share videos with students.

Not using Google Classroom?

*No problem – simply copy and paste the **Student Link** to share the video.*

HOW TO ASSIGN

Mini-Lesson Activities

Click on **Extensions** to assign follow-up questions and simple, offline activities.

These questions are automatically added to the instructions when you assign them in Google Classroom.

Or, copy and paste them into any document, assignment or email.

HOW TO ASSIGN

Lesson Videos

Click the **Google Classroom** button on the lesson page to share the video with students.

Not using Google Classroom?

*No problem – simply copy and paste the **Student Link** to share the video.*

The screenshot shows the MYSTERYscience website interface. At the top, there is a purple header with the logo 'MYSTERYscience'. Below the header, there are two tabs: 'LESSONS' (which is active) and 'MINI-LESSONS'. The main content area features a large video player with a blue sky and white clouds background. The video title 'Where do clouds come from?' is displayed at the top of the player, and a large play button is in the center. Below the video player, there are two columns of content. The left column is titled 'Activity Prep' and contains several horizontal lines representing text input fields. The right column is titled 'Overview' and also contains horizontal lines. Below the 'Overview' section, there is a section titled 'Extensions'. Within the 'Extensions' section, the 'Google Classroom' button is highlighted with a green rectangular border. A green arrow points from the right side of the image towards this button.

HOW TO ASSIGN

Digital Handouts

Students can type on editable documents as if they were writing on a handout.

Open any handout document, and click **Copy student editable version**.

This will save a copy of the document to your Google Drive to assign in Google Classroom.

The screenshot shows the MYSTERYscience website interface. At the top, there is a purple header with the logo. Below the header, there are four buttons: 'Print', 'Download & Edit...', 'Copy student editable version', and 'View Spanish'. A green rectangular box highlights the 'Copy student editable version' button, and a green arrow points to it from the top right. The main content area displays a handout titled 'GAS TRAP'. The handout includes a 'Name: _____' field, three numbered instructions, a diagram of a cup with a gas trap, and a section titled 'Gas Trap Tester' with a dashed box containing the text 'Can you read all these words through your cup?'. The instructions are: 1. Before you begin the experiment, try reading your GAS TRAP TESTER through your cup. What's the last line you can read? Write it here: _____ 2. Now that you have the warm water, try reading the GAS TRAP TESTER through your cup again. What's the last line you can read now? Write it here: _____ 3. Look at the sides of your cup up close (as close as you can). Draw what you see in the circle below: _____ The diagram shows a cup with a gas trap inside, and a circle next to it for drawing. The 'Gas Trap Tester' section has a dashed box with the text 'Can you read all these words through your cup? Maybe you can, maybe not. To find out - try it and see!' and a downward arrow. At the bottom, there is a section titled 'WAIT TO DO QUESTION #4 UNTIL AFTER YOUR CLASS DISCUSSION' with two numbered instructions: 4. Open the lid and feel the inside of the cup. How does it feel? _____ Feel the bottom of the lid. How does that feel? _____

HOW TO ASSIGN

Google Forms Assessments

Click on **Assessments** (under Extensions on the lesson page).

Find Google Forms assessments under **Distance Learning**.

Or, click [HERE](#) to access all of our assessments in the Google Forms format.
