Small*

information goes  
to the brain

**smell**

information goes  
to the brain

Why would a sea turtle eat a plastic bag?  
**mystery** science

# Raccoon Behavior

Mystery  
Item **1**

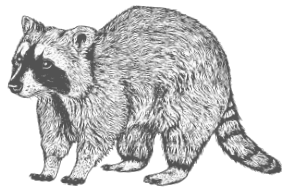

What will you do?

1. Based on the information you gathered with your raccoon senses and your raccoon memories, what do you think Mystery Item 1 is?

*A mouse!*

2. As a raccoon, what do you think you should do? Why?

*Eat it! As a raccoon, I have memories of eating mice. They are food.*

Name: **ANSWER KEY**

# Raccoon Behavior

Mystery  
Item **2**

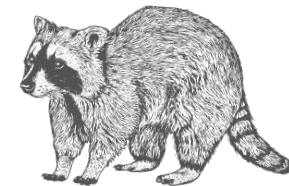

What will you do?

3. Based on the information you gathered with your raccoon senses and your raccoon memories, what do you think Mystery Item 2 is?

*A hot dog wrapped in foil.*

4. As a raccoon, what do you think you should do? Why?

*Eat the hot dog, but don't eat the foil wrapper! I have memories of eating similar things and that foil is not food.*
