

Your Plan & Prediction

Name: _____

Date: _____

1. Discuss with your team:

How do you want to make your team's Mold Terrarium different from the Basic Terrarium?

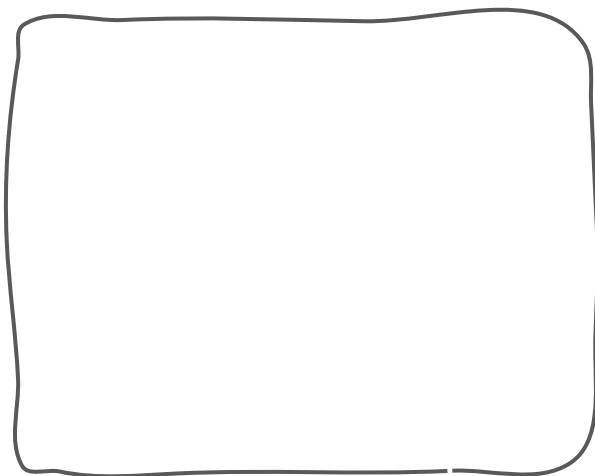

Write down at least 4 different conditions you want to test, and circle your team's two favorite ideas.

1	3
2	4

2. After the group discussion, what's your team's plan?

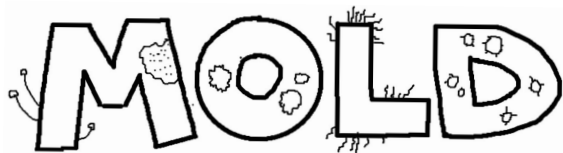

3. What's your team name? _____

4. Draw your set up (the bag, plate, & food)

What our set-up looked like on (date) _____

5. Do you think mold in your terrarium will grow faster or slower than mold in the basic terrarium? Why do you think that?

Growth & Observations

Name: _____

Date started: _____

TEAM: _____

CONDITION: _____

Example: Color in the bottom three circles when mold covers 1/2 the food

More than 1/2
1/2 moldy
1/4 moldy
First mold

Mark the days when you check for mold →		1	2	3	4	5	6	7	8	9	10	11	12	Describe or draw the mold (shape, color...)
Food 1: _____	More than 1/2 1/2 moldy 1/4 moldy First mold No mold													
Food 2: _____	More than 1/2 1/2 moldy 1/4 moldy First mold No mold													
Food 3: _____	More than 1/2 1/2 moldy 1/4 moldy First mold No mold													
Food 4: _____	More than 1/2 1/2 moldy 1/4 moldy First mold No mold													
Food 5: _____	More than 1/2 1/2 moldy 1/4 moldy First mold No mold
